Discussion regarding a request by United States Cellular Operating Company, LLC for a conditional use amendment for the property at 4428 Sawyer Road, Oconomowoc, WI, to add additional equipment and antennas to the cell site, sharing the site with Dish Network.

Mr. Weimer reviewed the details of the request stating US Cellular would like to amend their Conditional Use to include Dish Network as a tenant. Dish Network would add three (3) antennas to the existing tower and construct a 5' X 7' platform on the ground. In early 2023 US Cellular intends to upgrade service and add another three (3) antennas to the existing tower. Tim Asta from US Cellular stated the tower itself would remain the same and has been engineered in compliance to safely hold current antennas as well as the additional six (6).
